Cary £. O'Connor □ Primary Examiner □ □ Art Unit: 3732 Continuation of 2. NOTE: the limitation that the segment is interwoven about the stent (claim 1) would require further consideration and search.

Continuation of 5. does NOT place the application in condition for allowance because: applicant argues that the references do not "modify" the expansion characteristics of the section. It is held that the retaining bands "modify" the expansion characteristics in the same way as disclosed by applicant, i.e. by providing fatigue points in the band (see applicant's spec.at page 6, lines 3-10 for example. Therefore, the references meet applicant's limitation that the perforations "modify" the expansion characteristics of the section.
